Deductible Amount:

Type 1 Procedures	\$0
Combined Type 2 and Type 3 Procedures - Each Benefit Period	\$50

On the date that the members of one family have satisfied the Maximum Family Deductible shown below, no covered Expenses incurred after that date by any other family member will be applied toward the satisfaction of any Deductible Amount for the rest of that Benefit Period.

Maximum Family Deductible	\$150
---------------------------	-------

Coinsurance Percentage:

Type 1 Procedures	100%
Type 2 Procedures	80%
Type 3 Procedures	50%

Maximum Amount - Each Benefit Period	\$2,000
--------------------------------------	---------

ORTHODONTIC EXPENSE BENEFITS

Deductible Amount - Once per lifetime	\$0
Coinsurance Percentage	50%
Maximum Benefit During Lifetime	\$1,000

The Maximum Benefit shown above will be modified for:

- a. any person who was insured for an Orthodontic Expense Benefit under the prior carrier on December 31, 2021, and
- b. on January 1, 2022 is both:
 - i. insured under the policy, and
 - ii. currently undergoing a Treatment Program which would have been a covered Treatment Program under the prior carrier had the prior carrier's coverage remained in force.

The modification will result in a reduction of the Maximum Benefit based on:

- a. the normal benefit payable under the policy for the current Treatment Program, minus
- b. any amounts to which the person is entitled from the prior carrier for such Treatment Program.

Nothing stated above, however, will act to provide coverage or increase benefits, when the Treatment Program is subject to any limitation shown on 9260.

LASER VISION CORRECTION EXPENSE BENEFITS

Coinsurance Percentage: 100%

Please refer to the LASER VISION CORRECTION BENEFIT RIDER for details regarding frequency, limitations, and exclusions.

HEARING CARE EXPENSE BENEFITS

Deductible Amount: \$0

Coinsurance Percentage:

Exams 100%***

Hearing Aids 50%

Hearing Aid Maintenance 100%***

***refer to 9290 SCHEDULE OF HEARING CARE SERVICES regarding the amount of benefits payable.

Hearing Aid Maximum Amount (per ear):

1st 12 month Period \$100

2nd 12 month Period \$300

3rd 12 month Period or thereafter \$400

The term "12 Month Period" means the 12 month period of time beginning with the effective date of the hearing care benefits shown above for the Insured and each Insured Dependent, if any, and thereafter each subsequent 12 month period that begins on the anniversary of the effective dates described earlier in this sentence. It is important to note that for purposes of determining the appropriate 12 Month Period, the Insured and each Insured Member, if any, may have different initial effective dates depending on when they first became covered by this Policy.

EXCEPTION: If an Insured or Insured Dependent, if any, was previously covered under this policy but had a break in continuous coverage under this policy of more than twelve consecutive months, upon resuming coverage hereunder the Insured or Insured Dependent, if any, will be considered a new insured person for determining the applicable 12 Month Period when calculating the Covered Expense. After resuming coverage under this policy following a break in coverage of more than 12 consecutive months, the insured's initial 12 Month Period (and each subsequent 12 Month Period) will be based on the Insured's new effective date. Insureds with a break in coverage under this policy of less than 12 consecutive months will, upon resumption of their coverage under this policy, be treated as if they had continuous coverage under this policy BUT ONLY FOR PURPOSES OF THE 12 MONTH PERIOD DETERMINATION. For all other purposes, persons will not be considered insured under this policy during any period of time when their coverage is not in effect.

In accordance with Georgia law, this plan does not restrict the provision of covered benefits from a Preferred Provider to a covered person solely because the covered person obtained treatment from a Non-Preferred Provider leading to a balance bill.

INCREASED DENTAL MAXIMUM BENEFIT

Carry Over Amount Per Insured Person – Each Benefit Period	\$400
PPO Bonus – Each Benefit Period	\$200
Benefit Threshold Per Insured Person – Each Benefit Period	\$750
Maximum Carry Over Amount	\$1,200

After the first Benefit Period following the effective date of this provision, the Maximum Amount for Dental Expenses Per Insured Person as shown in the Schedule of Benefits will be increased by the Carry Over Amount if:

- a) The Insured Person has submitted a claim for dental expenses incurred during the preceding Benefit Period; and
- b) The benefits paid for dental expenses incurred in the preceding Benefit Period did not exceed the Benefit Threshold.

After the first Benefit Period following the coverage effective date, the Carry Over Amount will be increased by the PPO Bonus if:

- a) The insured person has submitted a claim for dental expenses incurred during the preceding Benefit Period, and
- b) At least one of the claims submitted by the insured person for dental expenses incurred during the preceding Benefit Period were expenses resulting from services rendered by a Participating Provider, and
- c) The benefits paid for dental expenses incurred in the preceding Benefit Period did not exceed the Benefit Threshold.

In each succeeding Benefit Period in which the total dental expense benefits paid do not exceed the Benefit Threshold, the Insured Person will be eligible for the Carry Over Amount and the PPO Bonus.

The Carry Over Amount and the PPO Bonus can be accumulated from one Benefit Period to the next Benefit Period up to the Maximum Carry Over amount unless:

- a) During any Benefit Period, dental expense benefits are paid in excess of the Threshold. In this instance, there will be no additional Carry Over Amount or PPO Bonus for that Benefit Period; or
- b) During any Benefit Period, no claims for dental expenses incurred during the preceding Benefit Period are submitted. In this instance, there will be no Carry Over Amount or PPO Bonus for that Benefit Period, and any accumulated Carry Over Amounts, including any PPO Bonuses from previous Benefit Periods will be forfeited.

Eligibility for the Carry Over Amount and the PPO Bonus will be established or reestablished at the time the first claim in a Benefit Period is received for dental expenses incurred during that Benefit Period.

In order to properly calculate the Carry Over Amount and/or the PPO Bonus, claims should be submitted timely in accordance with the Proof of Loss provision found within the General Provisions. You have the right to request review of prior Carry Over Amount or PPO Bonus calculations. The request for review must be within 24 months from the date the Carry Over Amount or the PPO Bonus was established.

CONDITIONS FOR INSURANCE COVERAGE

ELIGIBILITY

ELIGIBLE CLASS FOR MEMBERS. The members of the eligible class(es) are shown on the Schedule of Benefits. Each member of the eligible class (referred to as "Member") will qualify for such insurance on the day he or she completes the required eligibility period, if any. Members choosing to elect coverage will hereinafter be referred to as "Insured."

If employment is the basis for membership, a member of the Eligible Class for Insurance is any eligible employee electing high dental working at least 20 hours per week. If membership is by reason other than employment, then a member of the Eligible Class for Insurance is as defined by the Policyholder.

Board Members are excluded from the Eligible Class for Insurance.

If both spouses are Members, and if either of them insures their dependent children, then the spouse, whoever elects, will be considered the dependent of the other. As a dependent, the person will not be considered a Member of the Eligible Class, but will be eligible for insurance as a dependent.

ELIGIBLE CLASS FOR DEPENDENT INSURANCE. Each Member of the eligible class(es) for dependent coverage is eligible for the Dependent Insurance under the policy and will qualify for this Dependent Insurance on the first of the month falling on or first following the latest of:

1. the day he or she qualifies for coverage as a Member;
2. the day he or she first becomes a Member; or
3. the day he or she first has a dependent.

COVERAGE FOR NEWBORN AND ADOPTED CHILDREN. A newborn child will be covered from the date of birth. An adopted child, foster child and other child in court-ordered custody will be covered from the date of placement in the Insured's residence. A newborn adopted child will be covered from the date of birth.

Coverage for a newborn child or a child placed for adoption shall consist of coverage for covered expenses, subject to applicable deductibles, coinsurance percentages, maximums and limitations, resulting from care or treatment of congenital defects, birth abnormalities, including cleft lip and cleft palate and premature birth.

The Insured must give us written notice within 31 days of the date of birth or placement of a dependent child to start coverage. We will charge the applicable additional premium from the date of birth or placement for an adopted child.

A Member must be an Insured to also insure his or her dependents.

If employment is the basis for membership, a member of the Eligible Class for Dependent Insurance is any eligible employee electing high dental working at least 20 hours per week and has eligible dependents. If membership is by reason other than employment, then a member of the Eligible Class for Insurance is as defined by the Policyholder.

Board Members are excluded from the Eligible Class for Dependent Insurance.

Any spouse who elects to be a dependent rather than a member of the Eligible Class for Personal Insurance, as explained above, is not a member of the Eligible Class for Dependent Insurance.

When a member of the Eligible Class for Dependent Insurance dies and, if at the date of death, has dependents insured, the Policyholder has the option of offering the dependents of the deceased employee continued coverage.

If elected by the Policyholder and the affected dependents, the name of such deceased member will continue to be listed as a member of the Eligible Class for Dependent Insurance.

CONTRIBUTION REQUIREMENTS. Member Insurance: An Insured is required to contribute to the payment of his or her insurance premiums.

Dependent Insurance: An Insured is required to contribute to the payment of insurance premiums for his or her dependents.

SECTION 125. This policy is provided as part of the Employer's Section 125 Plan. Each Member has the option under the Section 125 Plan of participating or not participating in this policy.

If a Member does not elect to participate when initially eligible, the Member may elect to participate at a subsequent Election Period. This Election Period will be held each year and those who elect to participate in this policy at that time will have their insurance become effective on January 1. A Member who elects to participate during an Election Period who did not elect to participate when initially eligible will be a Late Entrant and subject to Limitation No. 1 on 9219.

Members may change their election option only during an Election Period, except for a change in family status. Such events would be marriage, divorce, birth of a child, death of a spouse or child, or termination of employment of a spouse.

ELIGIBILITY PERIOD. For Members on the Plan Effective Date of the policy, coverage is effective immediately.

For persons who become Members after the Plan Effective Date of the policy, qualification will occur on the first of the month falling on or first following the eligibility period of 30 calendar day(s) of continuous active employment.

If employment is the basis for membership in the Eligible Class for Members, an Insured whose eligibility terminates and is established again, may or may not have to complete a new eligibility period before he or she can again qualify for insurance.

ELIMINATION PERIOD. Certain covered expenses may be subject to an elimination period, please refer to the TABLE OF DENTAL PROCEDURES, DENTAL EXPENSE BENEFITS, and if applicable, the ORTHODONTIC EXPENSE BENEFITS pages for details.

EFFECTIVE DATE. Each Member has the option of being insured and insuring his or her Dependents. To elect coverage, he or she must agree in writing to contribute to the payment of the insurance premiums. The Effective Date for each Member and his or her Dependents, will be the first of the month falling on or first following:

1. the date on which the Member qualifies for insurance, if the Member agrees to contribute on or before that date.
2. the date on which the Member agrees to contribute, if that date is within 31 days after the date he or she qualifies for insurance.
3. the date we accept the Member and/or Dependent for insurance when the Member and/or Dependent is a Late Entrant. The Member and/or Dependent will be subject to any limitation concerning Late Entrants.

EXCEPTIONS. If employment is the basis for membership, a Member must be in active service on the date the insurance, or any increase in insurance, is to take effect. If not, the insurance will not take effect until the day he or she returns to active service. Active service refers to the performance in the customary manner by an employee of all the regular duties of his or her employment with his or her employer on a full time basis at one of the employer's business establishments or at some location to which the employer's business requires the employee to travel.

A Member will be in active service on any regular non-working day if he or she is not totally disabled on that day and if he or she was in active service on the regular working day before that day.

If membership is by reason other than employment, a Member must not be totally disabled on the date the insurance, or any increase in insurance, is to take effect. The insurance will not take effect until the day after he or she ceases to be totally disabled.

TERMINATION DATES

INSUREDS. The Insured may terminate coverage upon written notice to the Policyholder. The insurance for any Insured, will automatically terminate on the end of the month falling on or next following the **earliest of:**

1. the date the Insured ceases to be a Member;
2. the last day of the period for which the Insured has contributed, if required, to the payment of insurance premiums; or
3. the date the policy is terminated.

DEPENDENTS. The insurance for all of an Insured's dependents will automatically terminate on the end of the month falling on or next following the **earliest of:**

1. the date on which the Insured's coverage terminates;
2. the date on which the Insured ceases to be a Member;
3. the last day of the period for which the Insured has contributed, if required, to the payment of insurance premiums; or
4. the date all Dependent Insurance under the policy is terminated.

The insurance for any Dependent will automatically terminate on the end of the month falling on or next following the day before the date on which the dependent no longer meets the definition of a dependent. See "Definitions."

CONTINUATION OF COVERAGE. If coverage ceases according to TERMINATION DATE, some or all of the insurance coverages may be continued. Contact your plan administrator for details.

DENTAL EXPENSE BENEFITS

We will determine dental expense benefits according to the terms of the group policy for dental expenses incurred by an Insured. An Insured person has the freedom of choice to receive treatment from any Provider. The Insured should verify with their provider if they are a Preferred Provider. The Insured may be responsible for additional charges if services are provided by a Non-Preferred Provider.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted into each benefit type as shown in the Table of Dental Procedures. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage(s) shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount, if any, shown in the Schedule of Benefits.

BENEFIT PERIOD. Benefit Period refers to the period shown in the Table of Dental Procedures.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Amount shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured.

COVERED EXPENSES. Covered Expenses include:

1. only those expenses for dental procedures performed by a Provider; and
2. only those expenses for dental procedures listed and outlined on the Table of Dental Procedures.

Covered Expenses are subject to "Limitations." See Limitations and Table of Dental Procedures.

In no event will Covered Persons be held liable for payment denials by us for improper utilization of covered services caused by Preferred Providers.

Benefits payable for Covered Expenses also will be based on the lesser of:

1. the actual charge of the Provider.
2. the usual and customary ("U&C") as covered under your plan, if services are provided by a Non Preferred Provider.
3. the Maximum Allowable Charge ("MAC") as covered under your plan, if services are provided by a Preferred Provider, who is a general dentist.

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider's fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

MAC - The Maximum Allowable Charge is derived from the array of provider charges within a particular ZIP code area. These allowances are the charges accepted by dentists who are Preferred Providers. The MAC is reviewed and updated periodically to reflect increasing provider fees within the ZIP code area.

ALTERNATIVE PROCEDURES. If two or more procedures are considered adequate and appropriate treatment to correct a certain condition under generally accepted standards of dental care, the amount of the

Covered Expense will be equal to the charge for the least expensive procedure. This provision is NOT intended to dictate a course of treatment. Instead, this provision is designed to determine the amount of the plan allowance for a submitted treatment when an adequate and appropriate alternative procedure is available. Accordingly, you may choose to apply the alternate benefit amount determined under this provision toward payment of the submitted treatment.

We may request pre-operative dental radiographic images, periodontal charting and/or additional diagnostic data to determine the plan allowance for the procedures submitted. We strongly encourage pre-treatment estimates so you understand your benefits before any treatment begins. Ask your provider to submit a claim form for this purpose.

DENTAL EMERGENCY. Services for a dental emergency shall be defined as those services which are needed immediately because of unforeseen dental condition. Examples of emergency service are those services required for the temporary relief of pain, infection or swelling.

BENEFITS FOR DENTAL EMERGENCIES. Covered Expenses will be paid at the Preferred Provider rate even though the service was performed by a Non-Preferred Provider, if the services are rendered in connection with a Dental Emergency and either the Covered Person could not reasonably travel to a Preferred Provider or the circumstances reasonably preclude the Covered Person from receiving the necessary care and treatment from a Preferred Provider. However, if the Non-Preferred Provider rate is greater, the Non-Preferred Provider rate will apply.

EXPENSES INCURRED. An expense is incurred at the time the impression is made for an appliance or change to an appliance. An expense is incurred at the time the tooth or teeth are prepared for a prosthetic crown, appliance, or fixed partial denture. For root canal therapy, an expense is incurred at the time the pulp chamber is opened. All other expenses are incurred at the time the service is rendered or a supply furnished.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. in the first 12 months that a person is insured if the person is a Late Entrant; except for evaluations, prophylaxis (cleanings), and fluoride application.
2. for appliances, restorations, or procedures to:
 - a. alter vertical dimension;
 - b. restore or maintain occlusion; or
 - c. splint or replace tooth structure lost as a result of abrasion or attrition.
3. for any procedure begun after the insured person's insurance under this contract terminates; or for any prosthetic dental appliances installed or delivered more than 90 days after the Insured's insurance under this contract terminates.
4. to replace lost or stolen appliances.
5. for any treatment which is for cosmetic purposes.
6. for any procedure not shown in the Table of Dental Procedures. (There may be additional frequencies and limitations that apply, please see the Table of Dental Procedures for details.)

7. for orthodontic treatment under this benefit provision. (If orthodontic expense benefits have been included in this policy, please refer to the Schedule of Benefits and Orthodontic Expense Benefits provision found on 9260).
8. for which the Insured person is entitled to benefits under any workmen's compensation or similar law, or charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.
9. for charges which the Insured person is not liable or which would not have been made had no insurance been in force.
10. for services that are not required for necessary care and treatment or are not within the generally accepted parameters of care.
11. because of war or any act of war, declared or not.

TABLE OF DENTAL PROCEDURES

ORTHODONTIC EXPENSE BENEFITS

Orthodontic expense benefits will be determined according to the terms of the policy for orthodontic expenses incurred by an Insured.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount shown in the Schedule of Benefits.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Benefit During Lifetime shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured during his or her lifetime.

COVERED EXPENSES. Covered Expenses refer to the usual and customary charges made by a provider for necessary orthodontic treatment rendered while the person is insured under this section. Expenses are limited to the Maximum Amount shown in the Schedule of Benefits and Limitations. All benefits are subject to the definitions, limitations and exclusions and are payable only when we determine they are necessary for prevention, diagnosis, care or treatment of a covered condition and meet generally accepted dental protocols.

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider's fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

ORTHODONTIC TREATMENT. Orthodontic Treatment refers to the movement of teeth by means of active appliances to correct the position of maloccluded or malpositioned teeth.

TREATMENT PROGRAM. Treatment Program ("Program") means an interdependent series of orthodontic services prescribed by a provider to correct a specific dental condition. A Program will start when the bands, brackets or appliances are placed. A Program will end when the services are done, or after eight calendar quarters starting with the day the appliances were inserted, whichever is earlier.

EXPENSES INCURRED. Benefits will be payable when a Covered Expense is incurred:

- a. at the end of every quarter (three-month period) of a Program for an Insured who pursues a Program, but not beyond the date the Program ends; or
- b. at the time the service is rendered for an Insured who incurs Covered Expenses but does not pursue a Program.

The Covered Expenses for a Program are based on the estimated cost of the Insured's Program. They are pro-rated by quarter (three-month periods) over the estimated length of the Program, up to a maximum of eight quarters. However, the first payment will be 25 percent of the total allowed Covered Expense. The last quarterly payment for a Program may be changed if the estimated and actual cost of the Program differ.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. for a Program on or after the Insured's 19th birthday.
2. for a Program begun before the Insured became covered under this section, unless the Insured was covered for Orthodontic Expense Benefits under the prior carrier on December 31, 2021 and are both:
 - a. insured under this policy; and
 - b. currently undergoing a Treatment Program on January 1, 2022.
3. in the first 12 months that a person is insured if the person is a Late Entrant.
4. in any quarter of a Program if the Insured was not covered under this section for the entire quarter.
5. if the Insured's insurance under this section terminates.
6. for which the Insured is entitled to benefits under any workmen's compensation or similar law, or for charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.
7. for charges the Insured is not legally required to pay or would not have been made had no insurance been in force.
8. for services not required for necessary care and treatment or not within the generally accepted parameters of care.
9. because of war or any act of war, declared or not.
10. To replace lost, missing or stolen orthodontic appliances.

HEARING CARE EXPENSE BENEFITS

If an Insured under this section incurs Covered Expenses, we will consider benefits as stated below.

AMOUNT PAYABLE. The Amount Payable for Covered Expenses shall be the lesser of:

- a. the actual charge for services or supplies furnished; or
- b. the Maximum Covered Expense for such services or supplies shown in the Schedule of Hearing Care Services, adjusted as described below in Covered Expenses.

DEDUCTIBLE AMOUNT. The Deductible Amount, if applicable, shown in the Schedule of Benefits is an amount of Covered Expenses for which no benefits are payable. It applies separately to the Covered Expenses incurred by each Insured. Benefits will be paid only for those Covered Expenses that are over the deductible amount.

COVERED EXPENSES. Covered Expenses means the expenses incurred by an Insured for the procedures shown in the Schedule of Hearing Care Services up to the Maximum Covered Expense shown for each procedure, reduced by any applicable Deductible Amount. This amount is then multiplied by the Coinsurance Percentage, with the resulting amount being the Covered Expense, provided that in no event will the Covered Expense exceed the Maximum Amount as shown in the Schedule of Benefits. Incurred expenses will be considered Covered Expenses only to the extent that they are incurred for procedures provided or recommended by a physician, audiologist, or other hearing health care professional acting within the scope of his or her license. These expenses are subject to the "Limitations" listed below.

Benefit Period means the period from January 1 of any year through December 31 of the same year. But during the first year a person is insured, a benefit period means the period from his or her effective date through December 31 of that year.

EXPENSES INCURRED. An expense is incurred at the time a service is rendered or a supply is furnished. When it pertains to a Hearing Aid an expense is incurred on the date the Hearing Aid is placed. Benefits for Covered Expenses of Hearing Aids will be paid on the date the Hearing Aid Purchase Agreement is signed. No benefits are payable for a Hearing Aid returned for a refund.

The Coordination of Benefit Provision, if any, in the Policy/Certificate does not apply to this Section. This plan is not intended to replace mandatory worksite programs designed to satisfy OSHA hearing conservation programs.

LIMITATIONS: Covered Expenses will not include and no benefits will be payable for expenses incurred for:

1. examinations performed or supplies furnished before the Insured was covered under this section.
2. any examination performed or supply furnished after the Insured's coverage under this section ceases.
3. any hearing examination or supply required by an employer as a condition of employment, including but not limited to, any mandatory worksite programs designed to satisfy OSHA hearing conservation programs.
4. replacement of hearing aids except once every 5 years from the date of placement of the hearing aid. This replacement interval is waived and 50% of the Covered Expense that would be otherwise payable will be considered if all of the following conditions are met:

COORDINATION OF BENEFITS

The Coordination of Benefits (COB) provision applies if an Insured person has dental coverage under more than one **Plan**. **Plan** is defined below. All benefits provided under this policy are subject to this section.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total **Allowable expense**.

DEFINITIONS

A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) **Plan** includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage other than the medical benefits coverage in automobile "no fault" and traditional "fault" type contracts; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

D. **Allowable expense** is a health care expense, including deductibles, coinsurance and co-payments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- (1) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
- (2) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
- (3) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
- (4) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

- A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other **Plan**.
- B. (1) Except as provided in Paragraph B(2) below, a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
- C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
- D. Each **Plan** determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

(2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or

If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

The **Plan** covering the **Custodial parent**;

The **Plan** covering the spouse of the **Custodial parent**;

The **Plan** covering the **non-custodial parent**; and then

The **Plan** covering the spouse of the **non-custodial parent**.

(c) For a dependent child covered under more than one **Plan** of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

(6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more **Closed panel** plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. The Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give the Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A Payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. The Company will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by the Company is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.
